

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use, when you will actually see new hair—fine and downy at first—yet—so really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Adv.

LA GRIPPE, COUGHS, BRONCHITIS

Dr. John M. Mayhew describes influenza or La Grippe as a contagious disease, the symptoms of which are some times so obscure that a "multitude of sins are hid under the diagnosis. It often comes on with a marked chill, or possibly by several hours of chilly sensations accompanied by sneezing, which is soon followed by distressing cough and sweating, with pains in all parts of the body. Unless checked the disease develops into pneumonia. First of all the bowels must be kept open. The patient should be put to bed or compelled to take absolute rest in an easy chair; the diet should be light, but should consist of nourishing food and one anti-kamina tablet should be taken every two or three hours. This treatment will usually break up the disease in a remarkably short time. In bronchitis, coughs, coryza and all gripal conditions, anti-kamina tablets will always be found of great service. Anti-kamina tablets may be obtained at all druggists in any quantity. Ask for A-K Tablets. They are also unexcelled for headaches, neuralgia and all pains.

BRIGHTER CHILDREN

Children are probably brighter to-day than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women.

If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action.

Scott's Emulsion is used in private schools. It is not a "patent medicine", simply a highly concentrated oil-fool, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowne, Bloomfield, N. J. 12-21

ITCHING NEARLY DROVE A WHOLE FAMILY CRAZY

Kansas City, Mo., Oct. 24, 1914.—"My husband had rash all over his body, and soon the WHOLE FAMILY was in the same condition. It looked scaly and raised up on the arms and body in big bumps. This trouble burned and itched so that it would nearly drive one crazy. It was always worse at night, so we could not sleep. We had this trouble for about two or three years, and during that time tried many remedies and prescriptions with no results. We tried Resinol Ointment and Resinol Soap and it RELIEVED AT ONCE, and before the third jar of ointment had been used, we were all completely cured. It has been four months since we were cured, and there are no traces of the trouble." (Signed) Mrs. S. A. Clarkson, 1520 Lawn Ave.

Every druggist sells Resinol Ointment and Resinol Soap, and physicians have prescribed them for 20 years in the treatment of skin troubles.

"Flat Wheels," was the subject of a lecture given by George H. Spencer on Wednesday evening of last week, at village hall, this being the only lecture of the season's lecture course. IT'S UP TO YOU

If you want one of those beautiful new, mahogany, upright pianos for \$150, mahogany, for ten years on terms of \$10 down and \$8 per month—to write Geo. D. Jarvis & Son, Burlington, Vt., for catalogue showing this piano to-day.

People have been in the habit of paying such big prices for pianos that they cannot realize what wonderful bargain this is. If you paid some other firm \$300 for this same piano you would be satisfied. The price and not by the quality. Here you get the quality, and it does not take you a lifetime to pay for it. AMUSING NOTES

A Broadway Success, "The Spring Maid," Coming Monday.

On Monday evening, Jan. 24, at the Barre opera house, the most charming of all the Viennese operas, "The Spring Maid," will make its first appearance in this city. The engagement that has promised and been anticipated for so long is about to be consummated. Crowd houses have been the order everywhere since the season began. No one seems to have forgotten the overwhelming and triumphant success achieved by this fascinating musical work when it was originally produced on Broadway a few years ago. The announcement of its revival has been the most welcome bit of news of the present theatre-lazy season. Seldom have play-goers been offered such a delightful treat as that afforded by the music of Heinrich Reinhardt and the American book of Harry B. and Robert B. Smith. Long since many of the numbers in the score of "The Spring Maid" reached a whistling degree of popularity and they seem never to grow tiresome. The beautiful haunting melody of "Day Dreams," the seductive ripple of "Two Little Love Birds," the dainty "Fountain Fan" and many more all combine to render the ensemble one of the most popular ever heard.

This distinctive and genuine musical comedy success is presented by one of the most talented organizations of singers and comedians that could be gathered together with George Campbell in the title role and Charles Fulton in the part of Prince Aladar.—adv.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful, effervescent, lithia-water drink, which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.
